Master of Science in **Management & Organizational Development**

USIU-Africa is accredited in Kenya by the Commission for University Education (CUE) & the United States of America by WASC Senior College and University Commission respectively.

PROGRAM DESCRIPTION

Modern organizations are looking for managers to improve their capacity for solving problems and managing future change. The Master of Science in Management & Organizational Development trains managers to critically analyse rapidly changing and complex environments in order to align organizational learning, knowledge management and transformation of organizational norms and values.

LEARNING OUTCOMES

Upon completion of the Master of Science in Management & Organizational Development program, students will be able to:

1. Prepare and interpret accounting and financial data for managerial decisions.
2. Analyze organizational behavior and recommend appropriate organizational development interventions.
3. Demonstrate transformational leadership and change management skills.
4. Formulate, analyze and evaluate strategic management and human resource management decisions and plans.
5. Design and evaluate Corporate Social Responsibility (CSR) strategies and programs in a multicultural environment.
6. Prepare grant proposals for fundraising and demonstrate ability to manage project resources.
7. Develop research project proposals, collect data and prepare project reports.
